Dear Mrs. Rocco:

The people of the United States, through the Congress have authorized the disinterment and final burial of the heroic dead of World War II. The Quartermaster General of the Army has been entrusted with this sacred responsibility to the honored dead. The records of the War Department indicate that you may be the nearest relative of the above-named deceased, who gave his life in the service of his country.

The enclosed pamphlets, "Disposition of World War II Armed Forces Dead," and "American Cemeteries," explain the disposition, options and services made available to you by your Government. If you are the next of kin according to the line of kinship as set forth in the enclosed pamphlet, "Disposition of World War II Armed Forces Dead," you are invited to express your wishes as to the disposition of the remains of the deceased by completing Part I of the enclosed form "Request for Disposition of Remains." Should you desire to relinquish your rights to the next in line of kinship, please complete Part II of the enclosed form. If you are not the next of kin, please complete Part III of the enclosed form.

If you should elect Option 2, it is advised that no funeral arrangements or other personal arrangements be made until you are further notified by this office.

Will you please complete the enclosed form, "Request for Disposition of Remains" and mail in the enclosed self-addressed envelope, which requires no postage, within 30 days after its receipt by you? Its prompt return will avoid unnecessary delays.

Sincerely,

Encls.

Dear Mrs. Rocco:

Your letter pertaining to your sons, the late Technician Fifth Grade Anthony Rocco and the late Private First Class Peter Rocco, has come to my attention.

The records of the War Department indicate that your husband is the legal next of kin, having the sole right to direct the final disposition of the remains of your sons. If, however, he is deceased, the right of disposition passes to the next in line of precedence, as established by the Secretary of War. Thus, in this case, you will receive the disposition right.

It is necessary in the above instance, if the father is deceased, that his death be verified by forwarding to this office an official certificate of death.

Should your husband still be living and decide to relinquish his disposition right at this time, an acceptable waiver form, to be completed in duplicate, is inclosed for his accomplishment.

June 2, 1947.

War Department,
Office of the Quartermaster General,
Washington 25, D. C.

Attention: T. B. Larkin, Major General

Dear Sir:

Your letter addressed to Joseph Rocco of 1509
Beechview Avenue, Pittsburgh, Pa., should have been addressed
to me, at 1326 Tennessee Avenue, Dormont, Pa.

Relative to the burial of my second son overseas,
namely, the late Technician Fifth Grade Anthony Rocco, A.S.N.
33070725, who was interred at Mirandola, plot F, row 17, grave
777, it is not my wish to have his body brought back to the
United States; however, I would very much like to have my two
soldier sons buried together, in the cemetery at Nettuno, Italy,
where my other son, the late Private First Class Peter Rocco,
was buried in plot T, row 13, grave 2594.

I understand that this is near Rome and there is a
possibility, that in the near future I may be able to make a trip
to the latter place, in which event, were my sons buried in the
same cemetery, I could more easily visit the graves of both,
and at the same time have the satisfaction in feeling that these
two brothers, who were so close in life, will be buried close
together.

Please, hereafter, address your communications in
regard to the above, to me, the mother of the brothers, at
1326 Tennessee Avenue, Dormont, Pa.

Very truly yours,

Mrs. Mary Rocco

Dear Mr. Rocco:

The War Department is most desirous that you be furnished information regarding the burial location of your son, the late Technician Fifth Grade Anthony Rocco, A.S.N. 33 070 725.

The records of this office disclose that his remains are interred in the U. S. Military Cemetery Mirandola, plot F, row 17, grave 777. You may be assured that the identification and interment have been accomplished with fitting dignity and solemnity.

This cemetery is located approximately eighteen miles northeast of Modena, Italy, and is under the constant care and supervision of United States military personnel.

The War Department has now been authorized to comply, at Government expense, with the feasible wishes of the next of kin regarding final interment, here or abroad, of the remains of your loved one. At a later date, this office will, without any action on your part, provide all legal next of kin with full information and solicit their detailed desires.

Please accept my sincere sympathy in your great loss.

INSTRUCTIONS FOR BURIAL

1. PREPARATION OF BODY : Have body examined by member of Medical Department whenever possible (to attach E.M.T. Form 52b.) Remove all personal property; remove one identification tag, leave other on body in protected position (in case of enemy dead, leave 1/2 tag on body, forward 1/2 with personal effects.) If no tag present, make notation of identifying data on form, protect in sealed bottle, canteen, spent shell, or best available container and bury with remains. If unidentified, take fingerprints of both hands; if this not possible, fill out tooth chart and note height, weight, color of eyes and hair, tattoo marks, birthmarks, etc., and other data as serial no. of weapon, laundry marks, where body found, etc. Wrap body in shelter half, mattress cover, or blanket when available.

2. BURIAL : Dig grave to a depth of five feet (hasty battlefield burials, to sufficient depth to prevent elements from exposing the body). Place only one body in a grave. Dig graves side by side, row behind row.

3. MARKING OF GRAVE : Fasten identification tag to temporary name peg and place at head of grave. For enemy dead, write data on peg. When pegs are not available copy data on a piece of paper, place in bottle, spent shell, or other receptacle, seal tightly and place so as to mark and identify grave. If identification tag cannot be fastened to peg or placed in container, do not leave at grave but forward with report of burial. If only one tag is found on body, it should be buried with body. The information thereon should be written on marker or placed in container at head of grave. Do not use weapons or helmets to mark graves.

4. LOCATION OF GRAVE : Report burials in established cemeteries by plot, row, and grave number (or show on cemetery map). For all other burials prepare sketch in space provided below; and give location by means of map references, or by reference to prominent permanent landmarks. Information must be specific, accurate, complete. Stand at foot of grave facing head to determine bodies buried to the left and right.

5. PERSONAL EFFECTS : List only personal effects taken from body on the Burial Report form. Place these with information as to identity of owner, organization, emergency addressee, in personal effects bag, or wrap in handkerchief, towel, or other available material and turn over to Grave Registration Service Personnel with report of burial. Government property is not to be included in personal effects but is to be turned in to Salvage Collecting Point.
